

ConstructConnect® Project Intelligence

Fill your project pipeline for a more profitable, sustainable business

At ConstructConnect our goal is to provide commercial construction professionals like yourself with the data, insights, and preconstruction solutions to help you drive your business forward.

ConstructConnect Project Intelligence places project leads in front of you quickly, saving valuable time, so you can get back to work. Search our commercial construction database of public and private construction leads to get the right projects for your business. Get promoted to and receive targeted bid invites from general contractors needing your trades and service area.

Project Intelligence Facts

- 750,000+ active commercial construction projects
- 5,000 project updates and 2,000 new projects published daily
- 100,000+ private commercial construction projects published in 2022
- \$3M+ worth of construction documents purchased, digitized, and labeled for keyword searching
- 1M+ planholders added to bidding projects annually
- 450,000+ profiles on construction professionals, complete with contact info and project activity
- Filter and save searches based on location, trade, project type, building use, bidding status, and more.
- Review project details, plans, specifications, bid dates, and more to prioritize your most profitable opportunities.
- Track projects and companies by adding them to your watch list to get notified the instant new information is available.
- Receive daily email updates about your saved searches, based on your profile preferences.
- Share projects with your team and vendors for better collaboration and pricing on materials and services.
- Use keyword searches to show you exactly where your scope and search terms appear on plans and specs.

Find the Right Project Leads

“ConstructConnect has become my #1 tool for helping me find projects and managing documents when communicating with potential subcontractors/vendors.”
